Your code

```
1    """form for super user to add products"""
2
3    from django import forms
4    from .models import Question
5
6
7    class QuestionForm(forms.ModelForm):
8        """
9        Form to add question
10       """
11       class Meta:
12           """
13           Meta data for question form
14           """
15           model = Question
```
